

MODULE WITH BALL SCREW

DUAL VP 125

- Double profile rail guide with 4 carriages
Capacities: Co: 35,600 N
Radial moment: 3,026 Nm
Longitudinal moment: 1,637 Nm

- Ball screw drive, \varnothing 25 with a lead of 5, 10 or 25mm
Optional: \varnothing 32 ball screw with a lead of 5mm
Screw internal support for long stroke

Data:

- Weight of carriage: 6.3 kg
- Total weight: stroke x 0.016 + 15.4kg
- Moment of inertia: radial: 810.77cm⁴
longitudinal: 322.78cm⁴

Options:

- Coupling flange
- Side drive box
- Gear, motor and motion control...

Available sizes: 165, 200 and 240
